ABOUT COMPANY

AVS DAIRY PROJECTS was launched on October 21st, 2020, dreamed and designed by our visionary Chairman Mr. Rajender Singh, who has over 30 years of industry experience. He understands the pulse of the customers and the demands of the market through in-depth research, with a vision to make AVS the number one dairy product company in India in the coming years.

VISION

AVS DAIRY PROJECTS has thoughtfully crafted referral incentive programme and the very high quality products range would ensure their contribution to enhance financial and social status of customers, their families and to our society as well.

Dairy Market in India

- The dairy market in India reached a value of **INR 11,357 Billion** in 2020.
- India has been the leading producer and consumer of dairy products worldwide, with sustained growth.
- The dairy industry offers profitable business opportunities and acts as a tool for socio-economic development.
- Dairy activities are an essential part of the rural Indian economy, providing employment and income.
- India has the largest bovine population, but milk production per animal is low compared to other countries.
- Nearly all dairy products in India are consumed domestically, mostly as fluid milk.

PROFIT SHARING PARTNERSHIP

- Profits are shared based on investment and contribution.
- A win-win scenario for all stakeholders.

AVS DAIRY Proposal:

- AVS DAIRY offers a business proposal for Indian citizens who wish to engage in cattle farming but face challenges like lack of space, environment, or knowledge.
- You can purchase cattle for approximately **Rs. 1,00,000/-** and hand it over to AVS DAIRY with a signed legal agreement.
- AVS DAIRY will breed, take care of, and sell the cattle's products on your behalf.
- After **48 months**, you can either:
 - Take back your cattle, or
 - Take back your initial investment of **Rs. 1,00,000/-**.
- AVS DAIRY provides **1.5 litre of milk every day** or a **revenue share of approximately Rs. 3,000/- per month** for 48 months.
